## ***Intuition***

© Kim Rene Kiefer

Your intuition is a very powerful tool. All you have to do is listen to that still, small voice. These days, that can be a challenge. Inventions and technology may be getting the best of you in the form of distractions. It's so easy to get caught up in all the daily bombardments. Turn off those distractions so you can tune into your intuition. There's a great deal of power there. Can you feel it? Then trust it.

## ***Hare and Tortoise***

These two go hand-in-hand based on a fable. Hare took a nap; tortoise took the finish line. They remind us that slow and steady often win over fast and canny. Yet, these two share something in common — lunar energy. Moon is about cycles, ebb and flow, emotion, intuition. Each of us has a moon connection. Leverage yours. Connect the dots.

## ***Quote***

“Prayer is when you talk to God. Meditation is when you listen to God.” ~ Author Unknown

## ***Are You Listening?***

Our culture has become a busy one. We seem to move from one thing to another, without much time to pause. Life has taken on a frenetic pace filled with meetings, clubs, errands, chores, and a multitude of commitments. Sometimes, it seems as if the pace never lets up.

Are you feeling overscheduled and overcommitted? It may be time to shake things up, say no, take a day off, and go play. Forgotten how to play? Call a friend who has kids and go to a park. You'll get the hang of it again. It's easy.

Most importantly, take time for yourself. Stop and listen. Your life will run much more smoothly if you take a few minutes each day. Pray, meditate, walk, hike, do yoga, or whatever works for you. Find a way to tune into yourself. Quiet that inner dialogue. Allow silence to reign supreme.

In your inner silence, solutions will effortlessly present themselves. Answers will come to you as if from nowhere. You will experience sharper insights, focused intuition, and clearer listening. You know that you know that you know.

Are you listening? If not, then listen up! Your inner voice is waiting to be heard. It is knocking on the door of your awareness. Answer that knock, open the door, and let your inner self be heard. You'll be glad that you did. Honestly.
