Shadow Dance

In with the light, out with the dark. When more light comes in, it pushes away the darkness. As your light body comes online and aligns with cosmic energies, you are forced to let go of the darkness within yourself. The bigger your light, the bigger your shadow. Be intimate with your shadow. It can be your friend and ally. Thank your shadow for its gifts. Embrace it, embrace yourself. Dance with it, dance with yourself. You are a light and shadow dancer.

Tiger

According to Ted Andrews, in *Animal Speak*, "In China, the Tiger is both a symbol of darkness and the new moon, as well as brightness and the full moon." Tiger embodies both shadow and light. It is a powerful creature that shows you how to embrace these dual aspects within yourself.

Quote

"This dancer made of light is you." ~ Charley Thweatt

Follow Your Heart Path

Beware of detours and distractions on your heart path. There is nothing wrong with the scenic route. After all, you do need to stop to smell the roses once in a while.

You have your own path to walk. Follow the map to your destiny. Use your inner compass. What's your true North?

How do you know you're on your true path? There are signs, tells, symbols, and clues. You get confirmation in the form of people, places, and things. Doors open up. Everything works beautifully. Synchronicities are an everyday occurrence.

How do you know you've strayed from your true path? You may not get confirmation. Instead, you may get warnings and hints to steer clear. Doors often close. There are dead ends. Things don't seem to work or become challenging. And, synchronicities are pretty scarce.

Do not give up! Find your way back to your center. Re-align your inner compass. Get pack on your true path. Forge ahead!

If you cannot find your way back, do not despair. You may need to take a few moments at a rest stop. Clear your head and heart. Remove any distractions. Tune into any internal dilemmas. Get clarity before moving on. Above all else, follow your heart. Now!
